The Red Books of Brooklyn and Manhattan
represent buying-interest of 5 millions in
these two boroughs. Plus the population
of Queens this constitutes the most peopled
area in the world. To ignore any of these
three giant communities in giving, through
the media of Donnelley's Red Books, in-
formation about where to find you and
what you have—is to ignore the largest
potential market in the world for the sale
of your products.

Just as one single item of purchase — Brooklyn spends yearly over a hundred million for automobiles, repairs and accessories —

This huge expenditure speaks for the importance of remembering this borough in your Red Book advertising — so that Brooklyn won't forget to remember that you in Queens are ready with quick service on many an item of supply.

in these two boroughs. Plus the population
of Queens this constitutes the most peopled
area in the world. To ignore any of these
three giant communities in giving through
the media of Donnelley's Red Books, in-
formation about where to find you and
what you have—is to ignore the largest
potential market in the world for the sale
of your products.

"Donnelley's Red Book"
places your name and telephone
number before the Buyer at the
moment he is in the market for
what you have to sell.

No selling force more
on the spot and effective
in closing a sale than
Donnelley's Red Books
because they tell the pro-
spective buyer about your
product at just the time
he is looking to be told
and sold.

Wherever your business
in Greater New York the
individual Red Books of
the four great boroughs
will bring you into every
home, shop, office, fac-
tory—wherever there is
a telephone.

The buying power of a community assessed at one-and-a-half billion is worth cultivating. The year by year appearance of Brooklyn firms in Dannelley's Brooklyn Red Book indicates that Red Book advertising must pay.

Share in the Brooklyn harvest while you harvest in Queens. Keep both communities close to your counter: Brooklyn by the Brooklyn Red Book—Queens by the Queens Red Book.

"Donnelley's Red Book"
is always on duty.

Queens is big—but as a
market for your merchan-
dise add Brooklyn too.

A total of some 2 and a half
million people in both these
boroughs is reached by
Donnelley's Red Books.

Use both books to tell both
communities and multiply
sales of your products.

Put a
day-and-night
salesman in
Brooklyn at
10¢ a day

No selling force more
on the spot and effec-
tive in closing a sale
than Donnelley's
Red Books because
they tell the prospec-
tive buyer about your
product at just the
time he is looking to
be told and sold.

Wherever your
business in Greater
New York the indi-
vidual Red Books of
the four great bor-
oughs will bring you
into every home,
shop, office, factory—
wherever there is a
telephone.

"Long Island's Leading Flag House"

Brooklyn spends yearly over a
 hundred million for automobiles,
 repairs and accessories—
 This huge expenditure speaks for
 the importance of remembering this
 borough in your Red Book adver-
 tising—so that Brooklyn won't for-
 get to remember that you in Queens
 are ready with quick service on
 many an item of supply.

Fitting the seams. Cutting through both overlapping edges at the same time results in a perfect joint that is well nigh invisible.

Applying Paste to the Felt. Every inch of the Felt, except along seams, edges and ends of the Linoleum strips, is thickly coated with paste.

If you want the right material, the right design and the right price, deal with us.

Each sale has behind it the business integrity and the good old-fashioned honesty of dealing that

has been the basic reason for our continued success

Armstrong's Linoleum and STAINES LINOLEUM

For more than a quarter of a century we have been selling high quality floor coverings to the most discriminating users.

Sealing Seams with Waterproof Cement. Watertight joints are insured by lifting the edges of the linoleum and applying cement to the felt.

Over Quarter of a Century in Business

Rolling the Linoleum. Use of a 150-pound roller secures good adhesion and makes seams water tight.

Permanent Linoleum Floors

As the oldest and largest linoleum and carpet house in Brooklyn, we are the originators of cementing permanent linoleum floors in this borough. We pride ourselves on the perfect workmanship that our men perform. Our method of cementing "permanent linoleum floors" over a layer of deadening felt, assures you a warm, resilient, noiseless floor that will endure for years, due to practically invisible seams. We specialize in laying perfectly matched borders. We feature a complete line of (imported) Barry's and Staines', as well as Armstrong Domestic Marble Tile and Battleship Linoleum.

Carpets & Rugs

All grades of fine carpets for offices, homes and theatres carried in stock. Our Service Department will take up old carpets, clean and refit them to new surroundings.

The Red Books of Brooklyn and Manhattan blanket close on to five million people—a force, of possible buyers that even the Queens business man, with a local market of a million made intimate with his business through advertising in the Queens Red Book, cannot afford to overlook.

buying power
in Queens

Just as one single item of
purchase—Brooklyn spends
yearly over a hundred million
for automobiles, repairs and
accessories—

This huge expenditure
speaks for the importance of
remembering this borough in
your Red Book advertising—
so that Brooklyn won't forget
to remember that you in
Queens are ready with quick
service on many an item of
supply.

ment placing a violation and demanding removal of the garage, court proceedings are often made necessary. There is a Sawyer garage for every locality even though your lot happens to be within the fire zone.

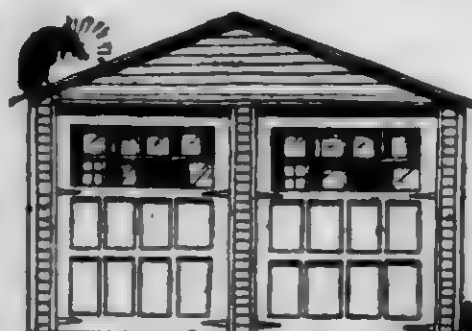

Sawyer Garages are
approved for all boroughs

A SAWYER GARAGE is the best looking garage for the lowest price, on easy monthly payments like rent. Free Erection. Bungalows delivered in sections or erected permanently. Let us estimate on the construction of your cement sidewalk, driveway or any other work in this line that you intend to have done.

EACH and every employee of the J. F. SAWYER COMPANY is a trained soning expert. When a SAWYER representative informs you that only a certain type of garage is allowed to be erected on your lot you may depend that what he says is right. Many an innocent prospect has come to grief after having been induced by the glib talk of an ununiformed salesman, to have a garage placed on his property, and with the Building or Fire Department placing a violation and demanding removal of the garage, court proceedings are often made necessary. There is a Sawyer garage for every locality even though your lot happens to be within the fire zone.

The Red Books of Brooklyn and Manhattan represent buying-interest of 5 millions in these two boroughs. Plus the population of Queens this constitutes the most peopled area in the world. To ignore any of these three giant communities in giving, through the media of Donnelley's Red Books, information about where to find you and what you have—is to ignore the largest potential market in the world for the sale of your products.

Puts Brooklyn buying power in Queens

Just as one single item of purchase—Brooklyn spends yearly over a hundred million for automobiles, repairs and accessories—

This huge expenditure speaks for the importance of remembering this borough in your Red Book advertising—so that Brooklyn won't forget to remember that you in Queens are ready with quick service on many an item of supply.

The buying power of a community assessed at one-and-a-half billion is worth cultivating. The year by year appearance of Brooklyn firms in Donnelley's Brooklyn Red Book indicates that Red Book advertising must pay.

Share in the Brooklyn harvest while you harvest in Queens. Keep both communities close to your counter: Brooklyn by the Brooklyn Red Book—Queens by the Queens Red Book.

The Red Books of Brooklyn and Manhattan
represent buying-interest of 5 millions in
these two boroughs. Plus the population
of Queens this constitutes the most peopled
area in the world. To ignore any of these
three giant communities in giving, through
the media of Donnelley's Red Books, in-
formation about where to find you and
what you have—is to ignore the largest
potential market in the world for the sale
of your products.
